## Will the Lord Return and Step Foot on Mt. Olives (Zion) to Begin His Reign After the Life Size Gold Madonna and Christ Child Statue is Raised from Her Watery Tomb?

Let's ponder over the significance of today about the futuristic placement of the Life Size Solid Gold Madonna and Christ Statue and her placement with coordinates recorded in history through the United States Courts. How profoundly just, is the Lord. How deeply He cares about His people and their salvation and their escape from evil. Our Lord delivered them from evil constantly either by raising up righteous leaders or by absent from the body is present from the Lord. Truly, profound words. The stage has been set and the work is recorded and the timing of raising the Holy Theotokos Statue from her watery tomb is on the brink of a spiritual archeological event like never seen before in the history of mankind. Witnesses will see and hear the power of the Lord like no others can and the battle to victory will begin its final countdown! Jesus said, "Watch".

Archbishop +Haralambos A/K/A Captain Bouchlas says he knows the exact location of the Golden Madonna and Christ Child Statue once aboard the 1656 Spanish Galleon, *Nuestra Senora de las Maravillas* lays beneath the ocean; "GOD'S OCEAN, THEOU THALASA". He's held on to the secret for many years since he discovered through research that the Madonna was salvaged by the Spaniards and didn't make it back to Spain ... Let's go to Part 2 of our story and hear the Captain who found the *Maravillas* in 1978 tell us more about the Golden Madonna and "WHERE SHE IS!"

Where is the Madonna? Does Captain Bouchlas really know? I believe he does. There are too many facts and Supernatural Interventions to doubt. We'll let you answer for yourselves after you read this Part 2, "WHERE SHE IS". We have sought the true answer and the revelation of the mystery of the life size Golden Madonna and Christ Child statue.

CAPTAIN BOUCLAS TELLS US ABOUT  
JUPITER, FLORIDA AND THE  
MARAVILLAS CONNECTION ...

"If it were not for people like Gene Chevalier who joined Captain Bouchlas and who gave him some actual facts and pictures and recovery information, as well as artifacts that are all reference on the *Maravillas* Manifest in the Jupiter area ... Yes, Jupiter, Florida...the place that contains the two important principle vessels of the *Maravillas* ... one which contains the Madonna. This became an ongoing saga and mystery when a lifeguard, Peter Leo found the remnant evidence of artifacts, which fell off a platform of a barge, having been recovered by hardhat divers back in the early 1930's off of Jupiter, Florida recorded by the Dubois family, a very famous Florida Historical family. The fact is there has been a publication called Bouchlas Document 1 and Bouchlas Document 2, all copyrighted in the Library of Congress in order to protect this information as born of its original

source; An update authorship by Captain Bouchlas.”

### **CAPTAIN BOUCLAS SAYS DIVINE REVELATION SHOWED HIM THE PRECISE SPOT...**

“Now, this Gene Chevalier sort of put in the final pieces of the puzzle.” says Captain Bouchlas. ... Here the observation throughout this interview with Captain Bouchlas is that indeed he is being led supernaturally to any persons, places or thing that adds to the information concerning the Nuestra Senora de las *Maravillas* that means in Spanish “Our Lady of Astonishment”. The details of all these events are quite significant and as miraculous happenings....”

### **SEQUENCING AND TIMING OF EVENTS HAVE BEEN THE GIFTS OF THE DIVINE HAND IN CAPTAIN BOUCLAS’ QUEST FOR THE GOLDEN MADONNA ...**

“ ... For one moment should we realize that Captain Bouchlas in his quest, in this spiritual pilgrimage, pursuing the Madonna, is really pursuing a personal inner spiritual matter because in his opinion, Divine Revelation also showed him the precise location in the form of a meteorite from Outer Space and Heaven.”

**FACT A:**” Believe it or not a meteorite and parts of a Russian Killer Satellite 954, containing Uranium 235, Cosmos 954, fell in an area observed by no less than 33 people midday, bright as the sun falling in the Atlantic Ocean, showed the precise wreck location. However, this is years ago, passing time of the half-life of Uranium, actually Uranium 235 which was contained admittedly by the Russian Government for a power source in their Killer Satellite finally decayed after portions of the satellite fell in the Atlantic precisely on the Jupiter, Florida wreck site ...The salvage wreck of a principle salvage vessel of the *Maravillas*!!!”

**FACT B:** Now, this was all known by Captain Bouchlas; It is important to make this statement; Prior to him going to the Bahamas on his original expedition. He applied officially to the State of Florida Government and its historical research and recovery statutes to be able to salvage this later, but

they claimed it to be a reserve area, which turned out to be a false statement. For later on, they allowed Peter Leo and others to work in this area. But, as Providence would have it, Bouchlas was unable to begin first his quest there and then go to the Bahamas. The Reverse was planned. Bouchlas sued the State of Florida and Jupiter Wreck, Inc. and Peter Leo to preserve in court Federal Record the entire episode.

**FACT C:** So he went to the Bahamas first and established this mystery trail, which of course began in the Bahamas with the original site sinking. Then it became obvious of a deeper plot to Bouchlas from the Spanish secret records, that he had recovered from the salvage masters of the Spanish Government...”again we know them to be secret, for we have a hidden archival recording and the Spanish translations of them all, verified by a very important Michele Peret, a Spanish Researcher of the Archives, under Bouchlas, contracted to the retrieving of certain specified material and information.”

**FACT D:** “So, Jupiter contains and is believed to be the precise location of the Madonna.” However, the pinpoint of it will be a secret with Bouchlas until all matters are put in place and the truth comes out with repentance, certainly on the part of Humphreys.

**FACT E:** People, in this quest could employ Bouchlas and use his St. Michael Academy organization to aid with information. “We know information is the source and beginning of any successful salvage project. Things A Salvage Project Needs:

1. Correct information
2. Proper investment.
3. Proper equipment for recovery.

These 3 items are the important ingredients to any successful exhibition for salvage treasure recovery. Again, I repeat, money, proper information and research, equipment and scientific application for the recovery. There is another important ingredient required. Of course, you’ve got to throw in honesty. What is your honest reason for recovering treasure? Is it for financial money gain or is it to also restore and recover archaeological findings and intrinsic items that sustain and record history for the public at large and the benefit thereof?”

## WHAT MAKES YOU THINK THE SALVAGE VESSELS ARE IN JUPITER?

**FACT F:** “Now, since we know and state the remaining principle salvage vessels are in the Jupiter area how do we know? And why did they go there? The ships went there in order to gain water supplies. This was told to Humphreys in the recording some 16 years ago when he came looking for reasons to be able to entice investors by claiming the words “Due Diligence”. “Due Diligence” really means what it means. It means to try to retrieve and explore and research facts that are believed to be truths, not excluding its source, which was done by Humphreys.”

“Therefore, he didn’t accomplish “Due Diligence” in the 1980’s nor has he tried to accomplish “Due Diligence” today in the 2000 period, as early as 2006.” Again, calling on the telephone asking, St. Michael Academy, Captain Bouchlas, that he had read something, on computer website. “He blows it off, that he had read something interesting about the Madonna relating to St. Michael Academy, that was using it as a centerpiece for the very purpose of this book.”

## CAREFULLY READ THESE CLUES TO “WHERE SHE IS!” ...

**CLUE 1:** “How do we know that the Madonna is there? We just stated that a meteorite fell and also part of a Russian Killer Satellite. By the way, both recovered particles are in the museum today at St. Michael Academy. Since it was radioactive, part of its half- life is over, but over the years it protected the statue with enough timing up to now, since it crashed into the ocean to protect the Madonna, in case retrieval was ever tried before God Almighty intended for it to be retrieved. Why is this? If anyone had dove upon the site, and tried to retrieve the Madonna, they would be polluted just like the Russian Spy who recently died from PLUTONIUM radioactivity, decaying in two weeks...his body deteriorating.”

## REMEMBER WHAT HAPPENED IN THE INDIANA JONES’ SEARCH FOR THE ARK OF THE COVENANT...

**CLUE 2:** “One might explain Clue #1 by the Movie Version, though fictional, the Ark of the Covenant that Indiana Jones was in, one should remember, even though it was a Hollywood presentation, that the Nazis who tried to recover the Ark of the Covenant and touched it, their flesh fell off their bones.”

“Well, that’s interesting because if anyone had tried to go for the Madonna that was completely surrounded with radioactivity in its shipwreck location, the same thing would happen through radiation, as we know recently the Russian spy dying from radioactivity and poisoning. But, the bottom line is that it is protected and we believe now the half-life is almost over. We also know that you’re saying, ‘Why wasn’t it observed from the surface of the water?’ Because we know that x amount of lead retains radioactive material in a safe manner also in so many feet of water. Certainly anything over 30 feet would begin to create a protective shield over the radioactivity. Radioactivity was a protective preventive shield to any-retrieval of the Madonna itself. God well knew, and we know this event came, from Divine Intervention, to plan all this. This is not in any way meant to be fictional. It is all facts and truths presented to you...”

**CLUE 3:** “However, we have retrieved and have pictures of actual gold and intrinsic archaeological artifacts found in Jupiter, Florida from the *Maravillas* Manifest in our possession which matches artifacts and retrieval of archaeological manifest of the *Maravillas* in the Bahamas. So, they match. So, now we can call it the Bookend Theory.”

**CLUE 4:** “We even know that Memory Rock is in the exact same latitude...27 plus or minus degrees with the Jupiter lighthouse ... now isn’t that very interesting?”

**CLUE 5:** “We also know that the precise location of the principle salvage vessel containing the *Maravillas*’ Madonna nearly correlates identical to

the location of the original site of the *Maravillas* in the Bahamas. Enough said of that. We don't want to reveal the precise location to the Madonna tempting any of you readers who might have wild ideas and attempt to try to salvage on your own personal agendas."

**CLUE 6:** "There are more scientific pictures that we'll publish, of course, in our release of our video story... which could be purchased through the non profit organization in DVD form showing more pictures and more of the story of this marvelous, event and story in history. This printed magazine contains just a thumbnail of the far more complete book on CD, a presentation of 4 Volumes of over 700 pages written by the author, Haralambos, Captain Bouchlas."

**CLUE 7:** "What does this wraparound magazine not contain? ... "A Voyage Into the Prophetics" that the major book does contain. The real goal and purposes of the publication and "A Voyage Into the Prophetics" is to show the historic correlation of the world today and past empires and its goals and purposes of countries like America. Are they pursuing the same pathways that brought ancient Rome down and in fact the Spanish Empire down following the same paths that bring countries to lesser importance? The purpose for all of this, I believe is to show readership and mankind, the mistakes that are repeated today with past history! It doesn't seem that history gives a strong enough lesson to present government official and decision makers, and power brokers. Because, basically today any noble purpose or noble expedition, any noble act on the part of parties or countries when perpetrated, is usually only for greed and money, and always bound to fail. When it is for the best of mankind then it will succeed. Because the Divine Creator of us all, His purpose is to always have our best interest and purpose. With a pursuit of a noble cause you get His blessings."

**WHEN THE TREASURE PRIZE IS NOT WHAT YOU THINK IT IS... MANY GET SURPRISED... AND MANY WONDER WHY...**

"With a pursuit of personal self- motivated causes such as that of greed or money it only ... fails. It

basically boils down the very important phrase that has been said many times, "The root of all evil is the pursuit and greed of money." ... Not money in itself used as a currency but the sole purpose that a man's soul, or as an organization's goals and purposes to perpetrate money, greed, or any less noble cause; is bound for failure and destruction and that includes our Government of America or any union that exist in the world calling itself government or government agency of mankind or human kind."

### **THE ALMIGHTY'S HANDY WORK MATERIALIZING AGAIN...**

The Golden Madonna has also ecclesiastical evidence. Long before Captain Bouchlas was ever born or even the story of the Madonna ever reached the 20<sup>th</sup> century, there was in the 1800's and early history of Catholic Spain and Catholic Europe, a man called St. John Bosco. St. John Bosco was a very kind man and became a saint through his efforts in working with young men who were disowned and homeless. St. John Bosco worked in procuring and establishing a home for the disabled and the less fortunate young men in his time. John Bosco also had visions and dreams, which have been recorded in the Vatican itself and in Catholicism...and in any recent publications about Pope John II that John Bosco did indeed exist. One

of the things he had visions of was a Golden Madonna statue that would represent a return of Russia to Christianity. We know that this is very important because Russia was a Communist, Godless agency early as 1917 right into modern 20<sup>th</sup> century for years. A period over 80 years and it has returned to Orthodox Christianity. But more importantly, John Bosco had a dream and had visions of a Golden Madonna standing in the Red Square of Moscow, Russia representing Christianity as the Blessed Mother! ... Paralleling the Virgin Mary who came in visions at Fatima and Medjorge, warning the world of its ensuing dangers in the wrong pursuit that it was endeavoring to fulfill with goals and purposes that were unacceptable to God and certainly her Son. There were many, many instances where she has appeared even to children representing the Truth in the warnings... In the form of even secrets that weren't revealed at proper propriety in time... by the Catholic Church and certainly the Curia in Rome in the Vatican. But now it has been published. John Bosco had this vision at least a century and some years before Captain Bouchlas was even born. So, you have to ask yourself how someone could not having any knowledge prior to his quest and pilgrimage for the Madonna now finds that there is and has been a vision of the future of a Golden Madonna which would be retrieved, and placed as God wills, according to St. John Bosco in visions. It is willed to stand in the Red Square representing the fact that there be a complete reversal of Russia back to its Christianity, its Orthodox Christianity, not any type of deviation of Christianity but its original form of 33 AD. Simply stated that's why it is completely without any fear of stealing, melting down, or destroying, and this Madonna will be retrieved in God's good timing, hopefully with the direction of Captain Bouchlas aka Archbishop Haralambos of St. Michael Orthodox Church and the Holy Ukrainian Orthodox Church in Exile in America. The retrieval of it and the placement and its final destination in the Red Square of Russia will herald ...WILL HERALD...the RETURN OF THE CREATOR AND AUTHOR OF THIS GOLDEN MADONNA, JESUS CHRIST, HIMSELF, THE MESSIAH, THE DIVINE GOD, CREATOR OF ALL MANKIND AND ALL THE UNIVERSE...HIS RETURN TO CREATION PLANET EARTH TO RECTIFY AND CLEANSE

THE MISFORTUNE AND PATH THAT MANKIND HAS TAKEN IT TO AND PLACING IT IN ITS PROPER BALANCE AND ITS PROPER USE IN GOD'S OWN UNIVERSE!

#### **A READERS COMMENT:**

"Wow that is some terrific story! It is true, and it is intricate. It is well thought out by the Creator and Author of this True Story and we are not talking about any player in this Authorship and Literary License can make this statement; story, only of the Almighty God, Himself, Jesus Christ. Phenomenal isn't it!"

#### **ANOTHER READERS COMMENT:**

After observing the ongoing rainbows for about two hours yesterday I was contemplating the power of God when I was praying for everyone by praising the Lord in song which reminded me of King David who sang and wrote Psalms unto the Lord. I remember seeing King David's Tomb in Europe. I believe it was in France at a church that we visited because it was on St. Michael's Street. Inside were the tombs of knights including the tomb of St. Joan of Arc. I was surprised to find out that the church had been turned into many chapels surrounding the tombs of the knights and was thrilled to be able to see the Tomb of King David that was touring Europe. Inside this church also was a case of relics from various saints including St. Anna. There was one book shelve of books by this case and a man came over and told me that books and schooling was the key to civilization and where the thoughts and culture of a place could be learned. I really didn't think of it much then, but I remember reflecting on it. What came to mind is the teaching of Jesus to His apostles through His Word and how important it is for us as ambassadors to continue that teaching down from one generation to another before the snatching away of the Bride on the horizon by the Bridegroom. We know that the enemy has infiltrated the church and education and government that follows man and, in many cases, (not all) is void of the Presence of Jesus. The gates of hell will not prevail against the church because Jesus is the Victor and that is our consolation and hope. That is why Jesus said the kingdom of God is within you! However, this is the time of the falling

away when churches are beginning to be viewed as museums or places of relics that tourists visit instead of the central place to be united through the participation of the Holy Body and Holy Blood of Christ. The flood of darkness is upon the world and the tears of Jesus have almost dried and now the falling of His arm with accelerating impending judgements spoken by Him and His prophets are the current events we see daily on the news. How powerful and precise is the LORD! His Glory is Forever!

He alone is worthy of our honor praise and glory! Worldwide, Christianity is under attack and even though people see this country as divided, the truth of the matter is unraveling before the world's eyes-God's Judgement Letter to the churches that will be followed by the 3 WOES. The enemy's tactics are ruthless, and the people of God are truly lambs going to the slaughter in this generation. The black hole is gaining momentum because the adversary knows time is short and the Lord will shorten the days because even the elect could be deceived. But Jesus paid such an enormous price of torture and pain emotionally physically and gave up the Holy Ghost as Holy Scripture defines it to obtain eternal life for us that He foretold of Victory! Make no mistake, all entities of Christ are now under attack and plans for their demise is well on its way and before it is over, they will not only push back but kill anyone that does not join the adversary's agenda. This will facilitate the Return of Christ!

#### **TIMING IS EVERYTHING....**

It truly is remarkable that the Holy Theotokos, or Mother or God, lived in a house on Mt. Zion where she ascended into heaven. The preciseness of the Lord is perfect because He uses this location to represent the future of His plan for His people. Similarly, He soon will use the Life Size Solid Gold Madonna and Christ Child Statue for the futuristic plan for His people. Again make no mistake the hour at hand is getting ever so closer and the TRUTH of our Lord will be revealed to those who have eyes to see and ears to hear His wonderful movement on behalf of His people and their salvation. We live in trying and fearful times but on the other hand we live in the times of witnessing His Power and Glory like no other time in history!

Take up the banner of faith and know we are on the winning side!

To explain the significance of the location of the Holy Relic; Life Size Madonna and Christ Child Statue, let us examine the ancient historical event and location of The Holy Mother of God and where she experienced Dormition and 11 apostles minus Thomas along with other saints surrounded her bed as spiritually she was raised up to the Lord. The location was Mt. Zion.

**Question: "What is Zion? What (Where) is Mount Zion? What is the biblical meaning of Zion?" According to Wikipedia which quotes Holy Scripture;**

**Answer: "Psalm 87:2-3** says, "The Lord loves the gates of Zion / more than all the other dwellings of Jacob. / Glorious things are said of you, / city of God." According to this verse, *Zion* is synonymous with *city of God*, and it is a place that God loves. Zion is Jerusalem. Mount Zion is the high hill on which David built a citadel. It is on the southeast side of the city." And,

"Zion means "fortification" and has a spiritual meaning of being "raised up" as a "monument." "And,

The first mention of Zion in the Bible is **2 Samuel 5:7**: "David captured the fortress of Zion—which is the City of David." Zion was originally an ancient Jebusite fortress in the city of Jerusalem. After David's conquest of the fortress, Jerusalem became a possession of Israel. The royal palace was built there, and Zion/Jerusalem became the seat of power in Israel's kingdom."

The ushering in of the restoration of ZION bringing unity to the nation and city of the Lord is kick-started by the raising up of the Life size solid Gold Madonna and Christ Child Statue which symbolic represents more than the location of the historical ancient raising up of the actual Mother of God by God. When God sets His foot on Mt. Olives (Zion) a New Era begins! What a great timing piece using a religious relic of The Life Size Solid Gold Madonna and Christ Child Statue chosen to herald in a totally new meaning of "church", as we see it today!

St. John the Baptist baptized Jesus and began a new doctrine for the church that the gift of the Holy Spirit is for all who, "Repent ye: for the kingdom of Heaven is at hand." Jesus said, "The Kingdom of God is within you." He was foretelling the reason for the crucifixion. That is why Jesus Christ died on the cross, so He could send us the Comforter which is the Holy Spirit. The mainstream church of His day viewed St. John the Baptist as a prophet but could not understand the new doctrine of baptism and repentance as a means of salvation. Disciples walked away from Jesus when He commanded them to Eat my flesh and Drink my blood or there is no life in you. (St. John 6: 51-66).

When Our Creator returns and sets foot on Mt. Olives (Zion) a new doctrine lasting 1,000 years will drastically and swiftly present a new ERA of the church that will be very different than that of today.

**ARCHBISHOP HARALAMBOS PROPHECY POINTS TO A FURTURISTIC EVENT...**

The raising of the Life Size solid Gold Madonna and Christ Child Statue spoken and written about by St. John Bosco (1800) and discovered and documented by Archbishop +Haralambos with the Spirit of Elijah, a/k/a Capt. Robert Bouchlas Sr. (21<sup>st</sup> Century) in his life-long quest, is the spiritual representation of a new theological idea within the Eschatological (Last Days) Era of the church belonging to Jesus.

In fact, King Phillip IV of Spain attempted to use the Golden Madonna and Christ Child Statue to unite Catholic Spain in 1656. The Spanish frigate holding the statue sank and the REFORMATION ERA of the church gained momentum. It was too early for the Return of Christ.

The location and destination of the Dormition of the Mother of God being raised up as a monument for the church, is an area today of much dispute. However, in the future the Holy Scripture says that the Lord will solely possess ZION and the restoration of the NATION and city will happen! A NEW ERA of the church will begin!

Likewise, the location and destination of the Life Size Solid Gold Madonna and Christ child Statue in the historical past of 1656 ushered in the Reformation Era as the Holy Relic Statue never reached Catholic Spain and sunk in what is known

as the devil's triangle. The Holy Relic Statue continues to the present day to rest in her watery tomb.

However, the time is approaching when the Holy Relic Statue will be raised up as a monument for the church to see and her final destination will also be a timing piece in Christ's Return to set His foot on Mount Olives (Zion) and a new Era of the Church begins where the Lord Jesus will reign 1,000 years! **Her final destination was seen by St. John Bosco and prophesied by Archbishop +Haralambos with the Spirit of Elijah.**

Dear Miss Ebersole

Thank you for your letter of August 22. Archbishop Haralambos' intent to get the Madonna and Christ Child statue from the Nuestra Señora de las Maravillas Galleon to Spain has deeply touched our heart.

Considering the importance of your aim we have sent a copy of your letter to the Ministry of Culture and also to the Ministry of Foreign Affairs of Spain. We hope that our official authorities will bring you the highest level of assistance that you deserve.

With respect to ICOMOS Spain, in spite of our modest possibilities, please do not hesitate to contact us again if you consider that we can offer you any kind of help.

Dear Archbishop Haralambos,

Thank you for your kind message and the interesting DVD, and please pardon my late reply. My family and I have been touched by the outpouring of support we have received since announcing my candidacy for President.

As I travel the country campaigning, I speak to people of diverse backgrounds from Rhode Island to Missouri to Oregon. Everywhere I go, I hear a consistent message: the American people want a new kind of politics that replaces partisan name calling with honest conversation that seeks constructive change.

The cards, messages and calls I have received since the election from supporters like you reaffirm my belief that America is ready to put the era of bitter partisanship and the politics of division behind us, and that 2008 can be a watershed election for a new politics of principled, passionate, and civil debate about the future course of our country.

Thank you again for sharing your DVD with me. I appreciate your generosity and kind words, and I wish you all the best in your future endeavors.

Sincerely,

Barack Obama

Dear Ms. Ebersole,  
Thank you for your recent letter inviting the President and Mrs. Bush to a gift presentation on behalf of the St. Michael Academy to King Juan Carlos I and the Queen of Spain.

The work of the Museum in the community, especially in the area of educating children on these historical treasures, is to be commended and we appreciate your bringing it to our attention. I have forwarded your request for the President's participation to his scheduling office for consideration. Given the President's hectic schedule however, I am doubtful that he will be able to participate in such a presentation to the King.

Thanks again for writing and if there is some other way that we might be able to assist please contact my office.

Dear Bishop Bouchlas:

Thank you so much for the blessing of your prayers.

Throughout my life, I've been inspired by the deep and abiding faith of the American people. Personal prayer is very important to me, and I am truly grateful for the words of encouragement and sincere prayers of people who care so much about the future of our country.

Working together, we can renew hope and opportunity for all Americans as we move forward into an exciting new century filled with promise.

Dear Archbishop Haralambos,

Thank you for your kind message and the interesting DVD, and please pardon my late reply. My family and I have been touched by the outpouring of support we have received since announcing my candidacy for President.

As I travel the country campaigning, I speak to people of diverse backgrounds from Rhode Island to Missouri to Oregon. Everywhere I go, I hear a consistent message: the American people want a new kind of politics that replaces partisan name-calling with honest conversation that seeks constructive change.

The cards, messages and calls I have received since the election from supporters like you reaffirm my belief that America is ready to put the era of bitter partisanship and the politics of division behind us, and that 2008 can be a watershed election for a new politics of principled, passionate, and civil debate about the future course of our country.

Thank you again for sharing your DVD with me. I appreciate your generosity and kind words, and I wish you all the best in your future endeavors.

Sincerely,

Capt. Robert Bouchlas holds up a coin he found in the *Senora de La Maravillas* Spanish galleon, sunk in 1656, off the Bahamas. Bouchlas gave a presentation of artifacts to Jupiter High School physics and marine biology students and other classes last Wednesday.

## Exhibit from Spanish galleon comes to JHS

Story and photos by Jeff Alexander  
Senior Writer

Capt. Robert Bouchlas talks to Jupiter High School physics and marine biology students about his exploration of the *Senora de La Maravillas* Spanish galleon, Jupiter Middle School teacher Ira Vesey holds up a Spanish horse bone that Bouchlas found on the wreck.

The coins, centuries old, looked like almost any small rock found along the road.

A silver spike is barely recognizable from its original shape.

But Jupiter High School students were still fascinated by the artifacts brought last Wednesday by Robert Bouchlas, a Christian Orthodox priest, explorer and self-described "pirate."

"I could tell you stories about pirates because I am one," Bouchlas told a group of physics and marine biology students last Wednesday. "I have invaded sacrosanct areas."

In 1978, Bouchlas and a salvage team recovered historically significant artifacts of the *Nuestra Senora de La Maravillas*, a Spanish galleon sunk in 1656 off the coast of the Bahamas.

"We felt like we were being touched by a supreme being who was saying, 'we want you to find this,'" Bouchlas told the students. Coins, ruby, jade, black onyx, mast rings and cannonballs have all been recovered from the site, making up more than \$2 billion in treasure, Bouchlas said.

"We didn't just want to be a silver and gold jewelry store," Bouchlas said. "My quest

became very personal. I think I've spent more money on it than I've gotten out of it."

The most valuable cargo of the wreck has not yet been found, Bouchlas said. That is an 1,800-pound, solid-gold Madonna-and-child statue. It was being sent to Spain to King Philip IV when the *Maravillas* struck a sandbar off the coast of the Bahamas and sunk with 630 men aboard.

"Who has the legal right to the Madonna, that's what we're talking about today," Bouchlas said.

What makes the galleon significant to this area is that a barge sent to recover the cargo soon after the *Maravillas* sunk is off shore north of the Jupiter Inlet, Bouchlas said.

The barge, which is being explored by the Jupiter Wreck Inc., is at 27 degrees latitude, the same location as the *Maravillas* at the Bahamas, he said.

"What we've found in Jupiter has matched what we've found in the Bahamas," Bouchlas said.

Bouchlas' exhibit is based in the museum St. Michael's Academy in West Palm Beach. Recently, the museum has begun taking the exhibit throughout Palm Beach County schools to educate students about the galleon's wreck, said Joy Ebersole, museum curator.

Senior Dunwiddie staff photographer Aileen Veary, dean of St. Michael's Academy of Little People's Place and Captain Bob Bouchlas, of Fort Pierce, owner of Captain Bob's Place and Historical Museum were present to talk to kids about treasure hunting.

The fifth annual Little People's Place event was held at Captain Bob's Place and Historical Museum on Seaway Drive in Fort Pierce on Saturday, Jan. 11.

HOME TOWN NEWS FORT PIERCE FRIDAY October 5, 2007

On September 29, 2007 Saint Michael's Museum, located in West Palm Beach, Florida traveled to the Fort Pierce Library to educate our children in the valuable study of artifacts found in the ocean.

The children learned about Spanish history at the Fort Pierce Library. Children participated in Spanish History by breaking pottery and re-assembling them, as real archeologist would do. The children got to handle actual pottery shards found at the wreck site of the *Nuestra Senora de las Maravillas* that sunk in 1656. Also, they learned about Vezquez the royal court artist who served King Philip IV, in the 1600's. He designed a Golden Madonna and Christ Child Statue that was cast into solid GOLD. The statue was lost in a shipwreck and never returned to Spain. It is at the bottom of the ocean, in the Jupiter Florida area. Pictures below show the children learning and having fun.

TO: North Area Principals  
FROM: John Carvelli, North Area Instructional Team Leader  
SUBJECT: The St. Michael Museum

Enclosed find a packet of information from The St. Michael Museum. This organization has developed a presentation on *The Nuestra Senora De Las Maravillas* Spanish Galleon Shipwreck. The museum has requested that we forward this information to our North Area Principals.

St. Michael's is a non-profit museum, which has given well-received historical presentations in the past.

This memorandum is in no way a directive to present this program at your school. Rather, it is to provide you with information on a multicultural opportunity that may be of interest to your staff and students.

On behalf of Hispanic Cultural Arts, Inc. I would like to take this opportunity to thank the St. Michael Museum for being part of Fiesta on Flagler '92. It was truly a pleasure to work with the museum and its staff.

I have received numerous positive responses to the museum's display at the fiesta. Your display was a terrific addition to the children's area! The exhibition was not only educational to the children in the area, but also to the adults.

Once again, thank you Joy for your time and effort. I look forward to working with you again at Fiesta on Flagler '93!

**FORT PIERCE** — Bob Bouchas isn't giving up. Approximately 35 years ago, while lobster diving off the coast of the Bahamas, Mr. Bouchas, known around these parts as Capt. Bob, found evidence of the shipwreck of the *Nuestra Señora de las Maravillas*, a Spanish galleon that sank in the 17th century. About the ship was more than \$2 billion in gold and silver. But, more important to Capt. Bob, was the gold Madonna and child that went down with the *Maravillas*.

"That Madonna... it's such an important part of history and so important to the church," said Capt. Bob. "It's not about the riches, it's about returning something of such value to the proper owners."

Capt. Bob, who was raised as a sponge-diver, studied the wreck and decided to go public about his search for the *Maravillas* and for the Madonna.

The eight-foot long iron box that Capt. Bob had discovered while diving for lobsters couldn't be budged. He managed to break a piece off the artifact and brought it home for testing. He found it

had indeed been built several hundred years ago, therefore proving to him it was part of the famed *Maravillas*.

Now, almost 40 years later, his commitment to recovering the historical and religious artifacts on board the sunken ship has not wavered.

With records he uncovered from the Spanish government, Capt. Bob discovered that salvage ships brought up the treasure that was aboard the *Maravillas*. However, those ships, too, met their demise in the waters between the Bahamas and Florida.

Capt. Bob believes that one of the ship's final resting places is in the waters of Vero Beach and that is where he is centering his search.

Capt. Bob, an ordained minister, feels the Madonna is buried in sand off the Florida shoreline and is working to bring it back to Spain.

The people of Spain deserve to have their Madonna back," Capt. Bob said. "It's not for fame or fortune, but for doing what's right."

Spain to indicate his seriousness of finding the artifact. For his efforts, the King of Spain rewarded him a commendation and he was made a knight in the Byzantine Order of the Holy Sepulchre in Malta.

Captain Bouchas, author of a 700-page, three-volume book on his adventure, is sure that his quest for the Madonna will produce the artifact.

Aside from not being able to acquire the necessary permits to salvage the site, Capt. Bob knows that several entities would claim ownership if the treasure were found.

This is a battle. It seems that the importance of finding the religious artifact has

### PALM BEACH FIN DIVERS

It was 25 years ago, in 1982, when the Florida Minister was presented at the Florida Historical Society of Palm Beach County in Palm Beach. That exhibit, about 200,000 viewers, this exhibit was just as exciting as the search for the *Maravillas*.

Bouchas said that after he abandoned his first quest to find the *Nuestra Señora de las Maravillas*, he went on to discover the *Atocha*, a *Maravillas* project and put together an expedition to find the *Maravillas*.

Bouchas, who had been raised as a sponge-diver in Vero Beach, had studied the wreck for many years, and in 1976 he decided to go public about his search for the *Maravillas*.

By an act of God, as Bouchas said, he found physical traces of the Spanish treasure in 1978 in the form of an empty eight-foot long iron box while diving for lobsters in 18 feet of water off the coast of the Bahamas.

"I knew I found something truly significant," he said. "I was able to make a piece of the box and bring it home for testing. He found it had indeed been built several hundred years ago. Several records he uncovered from the Spanish government, Bouchas learned that crews of other Spanish ships had already salvaged the *Maravillas* portent cargo on the bank. He has no doubt after believing that the ship had been found. These are still out there, and Bouchas says one of them, the *Maravillas* and *Christ-Child*.

Dear Brother in Christ:

With love and God's mercy this is being written to you for prayer and obedience to our Lord Jesus Christ. All the children are lost in the U. S., if without Christ, the Saviour.

This country's children have not returned to the hearts of the Father or their fathers.

God is now going to judge the world . . . the U. S. . . . the Pentecostal Church (Read II Kings ch 12:2) . . . I Cor ch 2&3 . . . II Kings 19)

Please read to your flock from the pulpit this warning, or their blood is on your heads as the shepherd . . . by July 17 the Sunday the judgments will begin . . .

THE MESSAGE: "The flock of the Body of Christ must now eliminate all references to any specific denomination as being the "one," and now look only to Jesus.

The Roman Catholic Church in America has been warned.

The Greek Orthodox Church in America has been warned.

The Mormon Church has been warned and is being judged, as it was given unto signs and repented not from their heresy.

God sent messages to the Baptist, Assemblies of God, and other churches, warning to heed the path of the Holy Spirit is now taking the church, not denominational direction and leadership. They will now be judged.

Now . . . the Pentecostal Full Gospel Fellowship is being warned and to pray God, they heed this warning and lean only to Jesus Christ and to no organization or any entity calling itself Christian, for now is the apostasy. Pray for the Holy Spirit to Christ. (The anti-Christ is now being revealed. Rev. 17:10)

You have received this and the prophecies by the Spirit of Elijah in Bro. Hara/Lambos, a servant and witness, to the message now given to the Body of Christ.

Prophecy: America is Babylon . . . N. Y. City and San Francisco will be destroyed. Russia will not reach Jerusalem . . . U. S. A. will conquer Israel and slaughter many Israeli, except the 144,000.

Israel will prevail at PETRA. 'Jesus' will meet "all" nations at Megeddo. . . . June 27 to September 27 is a time for mourning. Prayer to Jesus is our only protection, with repentance and love.

The 8 nation alliance met in Virginia, economically.
